# IDEAL INSTITUTE OF MANAGEMENT AND TECHNOLOGY

## ABOUT THE INSTITUTE

Ideal Institute of Management and Technology was established in the year 1999 under the auspices of New Millennium Education Society. The institute is affiliated to Guru Gobind Singh Indraprastha University, Delhi, and its professional courses in Law and Business Administration are recognized by Bar Council of India and Government of NCT, Delhi. Being a NAAC accredited institution, it melds state of the art infrastructure with quality in education as its paramount principle. Activities held at the institute are a reflection of the resolve towards perfection instilled by the founding father Late Shri Rakesh Aggarwal whose vision was to develop the institute into a centre for excellence in professional education. The aim of the institute is to cultivate in its students high moral standards coupled with academic excellence to promote market oriented skill development and up-gradation that would help in serving the needs of the society.

From its advent, the Institution has acquired a credible position in the fields of Law, Business Administration, and Computer-Aided Management programmes. It has been nurturing pioneers and forerunners in these fields who have continually attained highly reputable careers as judicial officers, civil servants, advocates, academicians, managers, and professionals in the industries. In pursuit of its mission to grow as an abode of all round excellence, the institute also disseminates a wide and varied array of publications ranging from journals to newsletters and magazines of repute.

## ABOUT DEBATE COMPETITION

A learning community needs to be developed where sharing and cultivating ideas enhance communication skills and move forward thereby empowering ourselves to see a better world. It adds to a greater advantage of knowing the various aspects in and around the world with different views for and against. It enlarges our scope of thought and knowledge. The Debate Competition is not only about competition itself, but an

educational extended activity that includes familiarization with contemporary issues of law which provides new and exciting ways of exploring the changing dynamics of the law.

The Competition intends to build dedicated debaters who grow up to become persuasive speakers, analytical thinkers, and proficient researchers. Not only do debaters learn to write well-reasoned and persuasive arguments, but they also learn to love researching and writing. Debate work becomes a satisfying competitive outlet for a student's creativity and intellect. Moreover, both debate and legal work involve applying relevant theory and precedent to the specific text of a codified law or resolution.

This year the debate revolves around the Legal Implications of Abortion Laws.. Abortion is an extensively discussed issue at both National and International diasporas. The right to life is a very broad concept and the most fundamental of all. In India, right to life has been recognized under Article 21 of the Constitution which says that “No person shall be deprived of his life and personal liberty except according to the procedure established by law”. Person here is inclusive of both man and woman. Among various rights which a woman has right to abortion is also believed to be one of the essential rights which are available to a woman, the right to abortion is also believed to be one of the most essential and fundamental right. But the question always arises whether an unborn child should be considered as human being and be given the status of a person or not. There are various religious, ethical, moral aspects which are related to right to abortion. The present debate wants to shed light upon the legal aspect of abortion laws and woman reproductive rights in the contemporary times.

## Message from Chief Guest

I would like to congratulate the School of Law of the Ideal Institute of Management and Technology for organizing the debate competition on Legal implications of Abortion Laws. Among other rights of women, it is believed that every mother has a right to abortion and it is a universal right. The right of the mother should be balanced with the rights of unborn. Earlier the termination of pregnancy was termed a murder of fetus. But due to change in time and technology, now a days this right has been legally sanctioned by most of the nations.

The debate competition helps to share the innovate minds with their ideas on common platform which will help to answer the circumstances at hand and the ones that may occur in the future.

My best wishes to the organisers for such this debate competition on such a relevant topic.

## Message from the Director

It is our continuous endeavor to work for improvement and provide legal education par excellence. The debate competition on Legal Implications of Abortion Laws is our mild attempt to give exposure to the students to discuss pertinent issues arising in the field of relevant laws. It is an attempt to sharpen the thinking skills of the students.

In continuation of the legacy set up by Late Sh. Rakesh Aggarwal, this debate is being organized with the purpose to spread the maximum legal awareness among the students. It will surely enhance the research and communication skills of the students on legal issues.

Good Luck to the organizers and the participants!

## Message from Principal, School of Law

The debate competition is an experiment of creating a simulated atmosphere for the development of the seekers and their knowledge. The object is to allow the students to deliver into intricacies of the given field of current importance and to present ground breaking arguments and contributing to the development of wisdom and understanding on current issues.

Legal consistency, factual accuracy and some degree of emotional appeal to the audience are elements in debating, where one side often prevails over the other by presenting a superior framework of the issue. Thus, debate competition for the students are expected to put adequate reasoning for the facts of the arguments, by analyzing and composing views and arguments, conversing, disagreeing and resolving conflicts.

My best wishes to the team and participants!

**Prof. (Dr.) Arun Gupta**  
Principal, School of Law  
Ideal Institute of Management and Technology, Delhi
