ABOUT THE CONFERENCE

The Ideal Institute of Management and Technology conducts National/International Level Conferences annually with an aim to facilitate knowledge sharing on Contemporary Legal Issues as well as to serve as a pivotal platform for legal professionals, scholars, students, and experts to converge on the topic.

About the Theme

“Fostering Synergy between Competition Law and Intellectual Property Laws in the Transformative Digital Space”

The digital space has ushered in unprecedented advancements in technology, leading to a complex interplay between Intellectual Property Laws and Competition Law. Intellectual Property Laws safeguard creators' rights, while competition law ensures fair market practices and consumer welfare. However, the evolving digital landscape has blurred the lines between innovation, monopolistic tendencies, and fair competition. To address these challenges, there is a pressing need to foster the synergy between competition law and intellectual property laws in the transformative digital space. This conference will serve as a knowledge-sharing and networking platform to foster collaboration among stakeholders, leading to informed policy decisions.
