

4.2.4 Number per day usage of Libraray by teachers and students (footfalls and login data for online access)

Data Requirement

Upload last page of accession register details in the pdf format

Method of computing per-day usage of library

Step1- Calculated total number of users of library

Step2- Calculated total number of working days for the year

Step3- Divided total number of library users with total number of working days

Answer is the average per-day usage of library

Eg. August 2023- July 2024

Step1- 7700

Step 2: 268

Step 3= $7700/268$

Answer:28.73%
